

## BUSINESS PLAN FOR PARALLAX GROUP LTD

### Executive Summary

Parallax Group Ltd is a private limited company registered in Rwanda on 17 March 2021. The company operates in the Information and Communication Technology (ICT) and telecommunications sector with its head office located in Kimihurura, Gasabo District, Kigali, Rwanda. The business specializes in software development, web development, data hosting, telecommunications services, and other digital solutions.

The main objective of the company is to provide innovative, reliable, and affordable technology solutions that support businesses, educational institutions, organizations, and individuals in improving productivity and communication through digital transformation.

Parallax Group Ltd seeks financial support and investment to expand operations, improve ICT infrastructure, recruit skilled employees, and strengthen service delivery. The company aims to become one of the leading ICT solution providers in Rwanda and eventually expand services across the East African region.
